Yreka Childcare Provider Uses BAP Savings to Build Her Business

Three years ago, Doreileen Reynolds of ***Dori's Daycare*** drew the line and decided to wage her own personal battle against the "blahs." She envisioned a playground where her young charges would have so much fun that she would never again hear "I'm bored" or "There's nothing to do!"

She joined up as a BAP (***Building Assets Program***) Saver to help her get there. But even so, Dori says she never imagined how much the saving program would change her life.

Now that she actually sees her playground going in, she can hardly wait for the construction to be over! "Thank you for being my partner and making me see that I, too, can save enough money to make a difference in my life." In the process, Dori's saving has become a habit! She recently set up another savings account for her next project, and a savings account for retirement. Doreileen says, "Thanks for showing me how to be a winner, and how to save my way into the future that I want to create."
